Background

Alupe University (AU) is located approximately 7 kilometres from Busia town on the Busia-Malaba Road and 23 Kilometres from Malaba Town which are both border towns linking Kenya and Uganda.

The University is situated on a 200-acre piece of land and is currently the only Public University in Busia County.

AU is a product of a memorandum handed to former President of Kenya, His Excellency Hon. Mwai Kibaki, on 18th September 2007 by the Busia Community. It began as the Alupe Campus of Moi University in 2008. Later, it was established through the Alupe University College Order 2015, Gazette Notice No 153 of 24th July 2015 as a Constituent College of Moi University after a wide range of intergovernmental and ministerial consultations.

On the 2nd of August 2022, the journey to full status as a Chartered University was realised upon the award of Charter by His Excellency former President Uhuru Muigai Kenyatta C.G.H. at State Lodge Kakamega.

The University currently has four schools, that is, School of Health Sciences, School of Science, Technology and Engineering, School of Education and Social Sciences, and School of Business, Economics and Human Resource Development.

In its neighbourhood are internationally renowned research institutions including the Kenya Medical Research Institute (KEMRI), Kenya Agriculture and Livestock Research Organization (KALRO) and the Lake Basin Development Authority (LBDA). The proximity of these institutions provide partnership and collaborative opportunities for teaching, research and extension services to the Kenyan population.

1. School of Health Science

Good health and well-being are increasingly becoming a focus of governments, policy makers and researchers as we face diverse and multifaceted challenges in the 21st century. At the same time, growth in interventions that focus on well-being rather than disease have led to the potential for integrative, diverse and holistic approaches being adopted in the training of health professionals. Our undergraduate degree programmes in Public Health, Medical Psychology, Medical Laboratory sciences and Physical Therapy are developed to produce a health professional that is capable of addressing the modern health and social challenges through a multidisciplinary, interdisciplinary, systemic and community engaged solutions.

The School also offers post-graduate (Masters and PhD) level programmes in Public Health (MPH) and MSc. Medical Microbiology. In the 2024/2025 Academic Year, the School will commence the Bachelor of Science in Nursing (BScN degree).

Our mission is to produce competent health professionals who have practical and intellectual skills appropriate to the health and development needs of current and future generations. The School believes in training our students in a setting as similar to what they encounter in real life by fostering a strong team spirit and community engagement in the delivery of health services. Our students spend about 30% of their training time in community based education and experiences, where skills and values of teamwork, clinical practice, community service and research are internalized and practised. The mission of the school is delivered by a highly trained team of specialized professionals in Public Health, Behavioral Sciences; Medical Biochemistry, Hematology and Blood transfusion; Histopathology and Cytology; parasitology and immunology; and Physiotherapy

Being a science focused institution, the School has well-equipped laboratories for teaching and research which have been provided through a partnership with the Seeding Labs Inc., USA. The School has on-going collaborations on research, training, student and staff exchange programmes with Vives University in Belgium; Manchester University in the UK, County Governments and KEMRI.

The Lake Region Economic Block (LREB) has identified the School as a Centre of excellence for training medical laboratory scientists.

Our graduates are on high demand and most have found placement within the health sector including county and national governments, research institutions, private sector, Public Benefit Organizations and institutions of higher learning.

Dr. William Okedi – B.Sc (University of Nairobi), MPH (University of Glasgow),
MDS (Freesate University) PhD (University of London)

2. School of Science, Technology and Engineering

Guided by the school's vision of being a complete, student-oriented school where research, skills and knowledge are closely integrated, the school offers programs specifically designed to address challenges in the present dynamic world. The School's mission is to create and effectively disseminate fundamental knowledge about science and technology and to contribute to society by transforming lives through the pursuit of education and research at the highest international levels of excellence. Our students are trained on a wide range of science and non-science careers to enable them to develop unique capabilities that each of them possesses.

Our strong collaborations with other science-based institutions such as the Kenya Medical Research Institution (KEMRI), Kenya Agricultural and Livestock Research Organisation (KALRO) offer our students a unique opportunity to get exposed to real life and hands- on training in their areas of specialization.

In the course of their studies, students develop deep discipline- specific knowledge as well as the skills required for graduate level employment and further academic and personal development. Critical thinking, complex and creative problem solving, active learning, and interpersonal skills are developed through classroom, laboratory, and field experiences with faculty who are committed to sharing their experience and passion for science with students. Furthermore, the school offers a unique interpersonal experience with learners where each student is attached to an academic advisor in the school to ensure that the students are properly trained both academically and in all other aspects of life. The school has fully functional equipped laboratory facilities and specialized equipment for each of the departments.

The school offers the following programs for both undergraduate and postgraduate students: Bachelor of Science in Computer Science, Bachelor of Science in Applied Statistics with Computing and Bachelor of Science in Microbiology. In addition, it also offers diploma in Analytical Chemistry, Applied Biology and Information Communication Technology.

In its plan and in response to the needs of society, the School will start the following new programs in the 2024/2025 academic year: Bachelor of Science in Agricultural Education and Extension (AGED), Bachelor of Science in Analytical Chemistry and Bachelor of Science in Information Technology. You are all welcome to explore, partner and learn in the School of Science, Technology and Engineering.

Dr. Denis Magero – B.Sc (Moi University), M.Sc (University of Eldoret), PhD (University of Grenoble)

3. School of Education and Social Sciences

The School of Education and Social Sciences (SESS) is one of the four Schools in Alupe University. It is the largest School in AU, hosting four undergraduate programmes namely Bachelor of Education (Science), Bachelor of Education (Arts), Bachelor of Arts in Community Development, and Bachelor of Arts in Counseling Psychology.

Further, the School has two diploma programmes: Diploma in Social Work, and Diploma in Community Development. Additionally, there are three post-graduate programmes in the School, namely: Master of Education (English Language), Master of Education (Kiswahili), and Post-graduate Diploma in Education. More programmes are poised to be rolled out in due course.

The subjects on offer under Education (Arts) include the following: Business Studies, English, Geography, History, Kiswahili, Literature, Mathematics and Religion. Those on offer in Science Education are: Agriculture, Biology, Chemistry, Mathematics and Physics. The School has taken advantage of AU's well-manned and equipped laboratories to see to it that majority of its education students pursue science-oriented courses, given that the institution's niche is science.

SESS boasts of well qualified faculty (90% have doctoral degrees), highly dedicated and competent enough to produce products that are well prepared, highly competitive and ready to serve. To remain relevant, the School has aligned its curriculum with the Competency-based Education model so that its pre-service teachers are capable of handling the competency-based curriculum currently offered at basic education level, and accordingly impart in the learners the 21st Century skills.

Career paths open to SESS graduands include the following: secondary school teachers, school administrators, college instructors/tutors, lecturers, career advisors, school/institution managers and administrators, general counselors, national and county government education managers, school textbook authors and reviewers, education consultants, school guidance and counseling officers, curriculum designers and education policy makers.

The School also collaborates closely with industry to offer attachment and job placement in various institutions such as the Prisons Service, Department of Health at the county governments, hospitals, schools and other agencies, all for the professional development of our students that will see them participate in the development of the nation, leading to the achievement of the latter's transformative agenda.

Welcome to SESS for your professional growth.

Dr. Mahero Toboso B.Ed (Kenyatta University), MA, PhD (Moi University)

4. School of Business and Human Resource Development

The School of Business Economics and Human Resource Development provides an academically engaging learning environment, where students develop critical thinking skills in all business spheres, with emphasis on academic excellence, productivity, team work, communication, leadership, and ethical decision making.

Our focus is to provide students with holistic relevant competencies and skills to operate in a rapidly changing corporate world. In line with our vision of being a School that is dedicated to excellence, the School is proud of its vibrant, disciplined and dedicated faculty committed to teaching, research and innovation.

The faculty has relevant qualifications, skills and competencies that are necessary to nurture future leaders of excellence in diverse fields of study. The School has established various collaborations and linkages with the industry and education partners, including East Carolina University, USA, local Hotel Industry and the County Government of Busia and the Chamber of commerce. These partners offer opportunities for practical learning and experiences for students.

The Competence based training that students undergo at Alupe University in the School of Business, Economics and Human Resource Development is recommended to anyone who wishes to study in the varied fields of Management.

To all our graduands, I share your joy and pride in the accomplishment of your first degrees and diplomas. This is just the first step; keep going and never stop aspiring for excellence. Looking forward to receiving you in your next level of study. Congratulations and well done.

Dr. Arnety Nangila Makokha - KATCE (KASNEB), CPA(K) (KASNEB), BBM (MMUST), MBA, PhD (JKUAT)

DEAN OF STUDENTS

Student Affairs

The office of Dean of Students is regarded as "Home away from Home" and the Dean of Students the parent figure to ALL students. All students are invited to be open and voice their concerns and needs and have them met as reasonably as possible.

The office aims at ensuring that the physical, academic, emotional, intellectual, social and spiritual welfare of the student in Alupe University are well catered for.

To this end, the activities organized and supervised by the office of the Dean of Students are aimed at holistic development of the student.

To achieve the aforementioned, we at Alupe University are cognizant of the fact that the core purpose of any institution of higher learning and every student is academic achievement which cannot be attained in a vacuum. The office of the Dean of Students, together with the management of Alupe University, the support staff and teaching staff work together to create and maintain an environment conducive for progressive learning. The office of the Dean of Students provides counseling services, sports and games activities, chaplaincy, and clubs and societies – all adequate for nurturing a holistic individual.

Today, Alupe University sends to the world a group of one hundred and sixty-four graduands who are well-balanced to join the world job market. Congratulations class of 2023.

Thank you and God bless you ALL.

Alupa University visit
on 26th Aug. 2023
during a working tour of Western Kenya

National Anthem

Oh God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend

Let all with one accord In common
bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

Ee Mungu nguvu yetu
Ilete baraka kwetu
Haki iwe ngao na mlinzi
Natukae na undugu
Amani na uhuru
Raha tupate na ustawi

Amkeni ndugu zetu
Tufanye zote bidii
Nasi tujitoe kwa nguvu
Nchi yetu ya Kenya
Tunayoipenda
Tuwe tayari kuilinda

Natujenge taifa letu
Ee, ndio wajibu wetu
Kenya istahili heshima
Tuungane mikono
Pamoja kazini
Kila siku tuwe na shukrani

East African Anthem

Ee Mungu twakuomba ulinde
Jumuiya Africa Mashariki
Tuwezeshe kuishi kwa amani
Tutimize na malengo yetu
Chorus

Jumuiya Yetu sote tulinde

Tuwajibike tuimariki

Umoja wetu ni nguzo yetu

Idumu Jumuiya yetu.

Uzalendo pia mshikamano

Viwe msingi wa Umoja wetu

Natulinde Uhuru na Amani

Mila zetu na desturi zetu.

**Viwandani na hata
mashambani**

**Tufanye kazi sote kwa
makini**

Tujitoe kwa hali na mali

Tuijenge Jumuiya bora.

Oh God we pray
For preservation of the East
African Community
Enable us to live in peace
May we fulfil our objectives
Chorus

*We should protect/guard our
community*

*We should be committed and
Stand strong*

Our unity is our anchor

Long live our community

Patriotism and togetherness

Be the pillars of our unity

*May we guard our
independence And peace*

Our culture and traditions

Industries and farms

We should work together

We should work hard

*We should build a better
community.*
